Master's degree for 69 Cambodians

THE recent Universiti Utara Malaysia 14th convocation saw 69 Cambodians getting Master's degrees in business and management.

They were the first batch of students to graduate from the university under a joint agreement with the Cambodian National Institute of Management initiated in Phnom Penh, Cambodia, last year.

The group was among 222 students who received MBAs from the university's chancellor, the Sultan of Kedah.

The convocation also saw 11 graduates getting first-class honours in Bachelor's degrees.

A total of 3,777 students graduated from the university this year.
