INTRODUCTION

All organisation face uncertainty in meeting their objectives. As a proven methodology, risk management is a systematic framework and process for maximizing those areas where outcomes can be controlled while minimizing those that cannot be predicted. This 1-day workshop on practical risk management and ISO-31000: 2009 will provide the foundation you need to start managing your organization's risks effectively.

Professor Dr Haji Mohd Rasid HUSSIN is a Professor of Risk Management and Chairman of the Risk Management Committee (RMC) at University Utara Malaysia (UUM). He has an employment record of more than 40 years (inclusive of about 10 years in insurance industry) since 1974. Professor Dr is the first person in ASIA and the world during the 1990s, to have obtained two (2) postgraduate degrees in Risk Management; MSc in Risk Management and Insurance from Golden Gate University (GGU), San Francisco, California, USA; and PhD in Risk Management from Glasgow Caledonian University (GCU), Glasgow, Scotland, UK. He is the President of the International Institute of Risk Management and Crisis Strategies (IIRMACS); World Muslims Risk Management Think-Tank Network (WMRMTTN); Malaysia Muslims Risk Management Think-Tank Network (MMRMTTN); Malaysian Risk Management Think-Tank Network (MRMTTN) and Malaysian Group of Scholars and Thinkers on Risk Management (MGSTRIM). Importantly, Prof Dr Rasid is also a member of the World Expert Group (WEG) for Risk Management Standard and sits in the ISO Technical Committee (ISO/TC-262- Risk Management). He has conducted a lot of training, workshops, seminars and conferences all over the world.
