UUM CONTINUES ITS STEADY ASCENT IN QS ASIA UNIVERSITY RANKINGS 2019

UUM ONLINE: Universiti Utara Malaysia (UUM) continues to prove its excellence as it reaches the 128 position in the QS Asia University Rankings 2019, an increase of three ranks compared to the 131 position in the previous edition.

UUM Vice-Chancellor, Professor Dr. Ahmad Bashawir Abdul Ghani said, this achievement proved the consistent performance of UUM throughout the years.

"This achievement is the result of the dedication and persistent performance of all UUM denizens and I would like to express my sincere congratulations and appreciation to all for your sincere devotion and efforts to bring the university to the international level," he said.

QS Asia 2019 adopts 11 indicators to assess a university. The indicators are: academic reputation, employer's reputation, student ratio to faculty member, the number of qualified doctoral degree (Phd) staff members, international faculty ratio, international student ratio, external and internal student exchange ratio, international research network, citation per academic staff/lecturer and papers per faculty.

Through the international student ratio, UUM is ranked at the 20th position for the best university in Asia and the fifth in Malaysia. This confirmed that UUM is becoming more and more popular among international students, specifically in the region.

This year, QS evaluated over 83,000 academic responses and 43,000 employer responses and listed 505 universities. A total of 92 universities made their first appearance in the rankings.
