Greetings from Othman Yeop Abdullah Graduate School of Business, Universiti Utara Malaysia.

OYAGSB Online - Towards the Triple ISO journey, a mock fire and evacuation drill involving administrative staff, resident faculty members, students, and firefighters was conducted at the OYA Graduate School of Business (OYAGSB) on 20 February 2017 (Monday). The main objective of this exercise was to create awareness among the OYAGSB staff and students of firefighting techniques and the ways to respond swiftly in times of such emergency situation.

A group of firefighters, headed by the Bukit Kayu Hitam Divisional Fire Officer Mr Jamal, armed with necessary paraphernalia required for firefighting and rescue operations positioned themselves at vantage points to guide and assist the participants with the mock fire and evacuation drill. The “evacuation” operation began moments after the fire alarm team alerted the participants about a “fire”

in the building. The participants were then immediately evacuated from their office and asked to gather at the assembly area. The firefighters explained different improvised methods to rescue and evacuate people caught in such emergency situations besides explaining the ways to operate the fire extinguishers safely. The exercise was end with the photography session with all the firefighters involved in the program.
