How to Publish in International Journals?: A Workshop at Universitas Pancasakti Tegal, Indonesia

SOC ONLINE: Universitas Pancasakti Tegal (UPS Tegal), Indonesia, in collaboration with Universitas Kuningan Jawa Barat and Perkumpulan Ahli dan Dosen Republik Indonesia (ADRI) central Java, hosted a fruitful Workshop on International Journal Publication. It was held on 21–22 March 2017 at the Fakultas Hukum, UPS Tegal. The two-day workshop was delivered by Prof. Dr. Ku Ruhana Ku Mahamud from UUMCAS School of Computing as the main speaker. Being the editor-in-chief for the Journal of Information and Communication Technology, Prof. Dr. Ku Ruhana has vast publication experience in international journals. She shared her experience and valuable tips in the types of article, publication stages, structure of review papers, production of master tables, and publication of research articles. She also shared the best approach towards international publications to be practiced among faculty members. The workshop did not only contain the theory of publishing in international journals, it also included a practical session where participants were able to practice what they have learnt theoretically. This enables the participants to experience themselves the process of writing the journal article. The participants were happy and grateful to have this fruitful workshop and hope to be able to publish in high impact international journals
