Synopsis

The move towards implementing Outcome Based Education (OBE) in learning and teaching at tertiary level has become an interesting discourse among academicians in Higher Education. OBE addresses several key questions related to students' learning such as: What do you want the students to learn? Why do you want them to learn it? How can you best help students learn it? and, How will you know what they have learnt? This workshop is designed to provide insights on the philosophy of OBE and challenges in implementing OBE in Higher Education.

Workshop Content / Coverage

1. What is Outcome Based Education
2. Characteristics of OBE
3. Issues / challenges to implement OBE
4. Way forward to implement OBE

Workshop Learning Outcomes

At the end of the session, participants should be able to:

1. develop an understanding of the philosophy of OBE in Higher Education
2. discuss the characteristics of OBE curricula
3. discuss issues and challenges in implementing OBE
4. discuss the way forward to implement OBE in Higher Education
