3 SEPTEMBER 2012, ISNIN | 16 SYAWAL 1433H
HEPA ONLINE -

Our company, UHB PRODUCTS SDN BHD, would like to make use of this opportunity to work and liaise with the University in introducing a direct working opportunity program for the potential fresh graduates who are stepping into the working society in the near future from your University. With this program, our company will match the potential fresh graduates who graduate from your University onto jobs in our company, in which they are suitable and interested in. Knowing that your University, Universiti Utara Malaysia is well established and with the good reputation that your University has been sustaining, we are pleased and confident that the fresh graduates from your University would be competitive in the jobs that we offer them and strengthen our workforce dynamically. In turn, we would assure them a promising career.

UHB PRODUCTS SDN BHD operates as a manufacturer and an authorized distributor of health and beauty products. Our aim is to be one of the forerunners in the health and beauty industry in the region which constantly educate people on how to better maintain their best health and beauty conditions and bring healthy lifestyle to people through our products. The marketing and distributing sectors of our company are located in Malaysia capital – Kuala Lumpur. Whereas the manufacturing sector of our company is located in Malaysia Johor.
