

WORKSHOP ON LEARNING AND TEACHING WITH CASE STUDY

EDC, UUM

22 May 2011 (Sunday)

8.30 a.m – 1.00p.m

SYNOPSIS

Using cases in classrooms can be an exciting and effective method of learning and teaching for both lecturers and students as it results in development of critical thinking and communication skills. This half-day workshop is designed to provide insights on the dynamics of case-based discussion approach and the challenges in managing the material, facilities and the learning process in the classroom.

WORKSHOP COVERAGE

- What is a case study and why case-based discussion?
- Issues and challenges in using case in the classroom.

Participants Fees
FREE - Staff/UUM Students
RM70.00 Non - UUM

LEARNING OUTCOMES

At the end of the workshop, participants will be able to:

- Explain case-based discussion, as one of the SCL approaches.
- Discuss issues and challenges in using case study in the classroom.
