

2-DAY COURSE ON SAMURAI LEADERSHIP SKILLS

DATE: 5-6 DECEMBER 2011 VENUE: HOLIDAY VILLA SUBANG

INTRODUCTION

What is "Samurai Leadership"? The Japanese has achieved great success as in their heart reside what we called "The Samurai Way of Life". Believe it or not, it has been there since the Samurai era, being practiced daily, from generation to generation. Great 7 code of ethics.....Gi, Yu, Jin, Rei, Makoto, Meiyo and Chuugi. Literally translating those into English would merely bring that to Integrity, Courage, Compassion, Respect, Honesty, Honor and Responsibility.

OBJECTIVE

The objective of this programme is to provide leaders with the Japanese leadership skills. Japanese are well known for their discipline, efficiency, details, long-term visionary, "plan-minded", caring towards their care (mindfulness) and their without fear to move forward (fearlessness) to achieve their goals. These great secrets lie in the 7 ethics of Samurais. With these great value incorporated in modern leadership skills, participants are able to have a long serving subjects in their circle. Achieve respect in your leadership by true honor. Lead NOT by fear.

METHODOLOGY

Interactive lectures, group discussion, games, role plays, test, video show.

TARGET GROUP

All levels of leaders from both public and private sectors (Managers, Supervisors, Executives, and Officers).

TRAINER'S PROFILE

Mohd Nizam Bin Mohd Amin is an experienced trainer and facilitator. He has more than 20 years of experience in Quality Assurance, Production, Sales & Marketing and Business Development. He started his career in SHARP Japan as Quality Assurance Engineer before being transferred to Malaysia factory. There he initiated QCC programs and was the member of ISO 9002 set up committee. He was in-charge of Total Quality Management system in the organization. He later moved on to UNISEM as a Senior Process Engineer where he started the first A.I. Automated Inspection System for the Back-End-Process. He was in charge of Process Engineering and Process Improvement activities in the company. Climbing the ladder of management, he joined TEKNOKRAF as Operation Manager. There he helped to develop the Fibre Glass business and improved manufacturing process as well as Quality Control activities. He helped to built business relationship with GLC like Telekom Berhad and PLUS Expressways Berhad. He then joined OMRON as Production Manager where he was in charges of Product Costing, Assembly Production, Injection Molding Process and Metal Stamping Process. He was also the ISO 9001 & ISO 14000 auditor. As part of his final quest before starting his own business, he joined MIMOS Berhad as International & Sales Marketing. He helped to built relationship with many International companies, namely, INTEL, UNIGEN and other government GLCs. He is also currently attached to many well known MNCs as consultants in process improvement and business development.
